Dear Coaches of Prodigy team,

Gratitude and Joy are what we would like to share with you when it comes to judging the English skills of our son A.Chaitanya. He's been part of Prodigy for more than a year and the improvement he's showing in English language is precipitous.

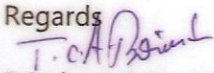

Having administered a playschool on our own, we know the efforts & intensity needed to succeed in coaching and making the parents happy. We're really amazed by your dedication and enthusiasm shown towards fulfilling this goal.

In order to make a child do well in his/her activities, the tutor should first ensure that the kid likes the teacher & her teaching methods. This is a paramount factor for the success of any coaching. In our opinion, Ms. Sandhya has achieved this at an astonishing ease with Chaitanya. Our son has joined other training classes previously but didn't continue and we know the reasons were purely the above said.

But here in Prodigy, if any class had to be missed due to some prior obligation (from Parents side of course), Chaitanya never winced once to take up the compensatory class on the next immediate session. Such was his interest and joy towards attending Prodigy and it rubbed in to his English language as a whole. He derives huge pleasure in competing in the School towards getting full marks, not just in English but in all subjects and we're sure this habit is a Prodigy aftermath.

We're confident that the pleasure and interest of being at Prodigy would ensure Chaitanya to stay with you for a long time. Obviously we second his feelings.

Thanks for all your efforts and we expect the same to continue throughout.

Regards

Brinda and Anand.
